

Thomas CAVAILLÉ FOL

Editor-in-Chief

THE REFERENCE

FRANCE'S MOST-READ MONTHLY MAGAZINE

The leading publication ... for grasping and understanding our world and how it is changing.

Science & Vie has been analysing technological and scientific advances (since 1913!), exploring our major environmental challenges and anticipating major societal changes.

... with an eye to the future! Science is our future. Science & Vie aims to harness this momentum and provide readers with the tools to understand how science shapes our society and influences our future.
